

Justice Stephen Breyer Complaint

The presentations and behaviors of several Supreme Court associate justices at the OSHA Oral Arguments session on January 7, 2022 were truly unprofessional and improper for any judge or legal authority as witnessed during this hearing. The tone and inferiorly articulated comments were embarrassing, and in some exchanges, downright incorrect. The listing below is an example of the outrageous and erroneous statements made by one of our highly appointed judges. They should be strongly encouraged to point to their facts by way of demonstrating via scientific journals, federal or governmental databases, hospital census reporting, etc. If not, then their statements need to be retracted.

During the hearing Justice Stephen Breyer was one of three OFFENDERS when it came to his personal views and shameless untruths regarding Covid-19 and the mRNA shots marked as “vaccines”.

Justice Stephen Breyer knowingly and willfully misinformed the people of the United States in a crude attempt to justify his preordained conclusion that a federal vaccine mandate should be enforced.

FACT – ALL vaccines still remain under emergency use authorization only

Justice Stephen Breyer FALSELY stated at one point that there were "750 million new cases yesterday," but previously noted a more concurrent estimate of 750,000 U.S. cases reported. This type of misinformation of inflated numbers can confuse people and instill fear whereas otherwise completely unnecessary.

Justice Stephen Breyer FALSELY claimed mask and vaccine mandates would automatically prevent all 100% of the total daily 750,000 new coronavirus cases in the current surge and in essence appeared to blame the unvaccinated for the continuation of the pandemic

FACT Source – The Centers for Disease Control and Prevention (CDC) [notes](#) that “since vaccines are not 100% effective at preventing infection, some people who are fully vaccinated will still get COVID-19.” <https://www.breitbart.com/health/2022/01/07/fact-check-justice-breyer-suggests-vaccines-masks-would-prevent-100-of-coronavirus-infections/>

Justice Stephen Breyer FALSELY claimed that “hospitals are full almost to the point of maximum” and that “750 million new cases” had been reported in the US yesterday — despite the fact that the population of America is around 330 million.

FACT Source – Information from HHS <https://protect-public.hhs.gov/pages/hospital-utilization> shows that nearly 21 percent of inpatient beds and more than 18 percent of ICU beds nationwide were unoccupied as of Friday. <https://nypost.com/2022/01/07/supreme-courts-liberal-justices-slammed-over-vax-mandate-statements/>

SUPREME COURT JUSTICES OF THE UNITED STATES OF AMERICA ARE REQUIRED TO TAKE TWO OATHS.

THE FIRST IS AN OATH TO THE CONSTITUTION

"I, _____, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. So help me God."

THE SECOND IS THE JUDICIAL OATH

"I, _____, do solemnly swear or affirm that I will administer justice without respect to persons, and do equal right to the poor and to the rich, and that I will faithfully and impartially discharge and perform all the duties incumbent upon me as _____, according to the best of my abilities and understanding, agreeably to the constitution and laws of the United States. So help me God."

Justice Stephen Breyer repeatedly violated his Oaths of Office on January 7, 2022. I respectfully request that he be held accountable for his unprofessional and dishonest behavior. I respectfully request that Justice Stephen Breyer retract his statements, apologize to the American People, and be immediately removed if unfit to serve in his prestigious Supreme Court justice seat position.
