Case Number: 202145001

Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent

I, _____, one of the People, as seen in the Constitution of Colorado

(As seen in Colorado Bill of Rights *Section 2 Paragraph 1*),

Sui Juris, in this Court of Record, bring the following claims and facts, that you and your agents may provide due care;

Please take notice that our Colorado State Constitution, which you have sworn to, explains that the People have the right to regulate their internal government, and therefore, when the people may need, there is a guaranteed right to reform, alter or abolish government. It is the will of Affiant to give notice of the true law set forth by the people (see constitutional provision below);

Colorado Constitution Bill of Rights

Section 2. People may alter or abolish form of government - proviso.

The people of this state have the sole and exclusive right of governing themselves, as a free, sovereign and independent state; and to alter and abolish their constitution and form of

government whenever they may deem it necessary to their safety and happiness, provided, such change be not repugnant to the constitution of the United States.

[Emphasis by Underline Added]

Please take further notice that all governments started with the People. It was founded and based on the People's will and never about the desires or will of the government officers. The People addressed you as trustees and servants and all times to be accountable to the People. Therefore, the People are not limited by your statutory limits (please see the Constitutional Provision below):

Article II Section 1. Vestment of political power.

All political power is vested in and derived from the people; all government, of right, originates from the people, is founded upon their will only, and is instituted solely for the good of the whole. [Emphasis by Underline Added]

Please take further notice that the People have the right to defend their liberty. One such liberty is a free and fair election. The People addressed you as trustees and servants and all times to be accountable to the People. Therefore, the People require transparency in our election systems. (Please see the Constitutional Provision below):

Section 3. Inalienable rights.

All persons have certain natural, essential and inalienable rights, among which may be reckoned the right of enjoying and defending their lives and liberties; of acquiring, possessing and protecting property; and of seeking and obtaining their safety and happiness. [Emphasis by Underline Added]

Please take further notice that the People have the right to free and open elections. No power, civil or military shall interfere or prevent this. It is your sworn duty to provide such elections and not to interfere with the will of the People. (Please see the Constitutional Provision below):

Section 5. Freedom of elections.

All elections shall be free and open; and no power, civil or military, shall at any time interfere to prevent the free exercise of the right of suffrage. [Emphasis by Underline Added]

Please take further notice that the only reason that the People have power to Remonstrate is because the government is created to carry out their will and when government is functioning in a way that goes against the People's will and authority, the People are to correct their behavior and lead them in ways consistent with the constitution and that redress grievances. (Please see the Constitutional Provision below):

Section 24. Right to assemble and petition.

The people have the right peaceably to assemble for the common good, and to apply to those invested with the powers of government for redress of grievances, by petition or remonstrance.
[Emphasis by Underline Added]

Please take further notice that the People have not granted you, the Secretary of State, the authority to make up rules that restrict our rights which have been secured by the Constitution. See *Miranda v. Arizona*, 384 US 436, 491

"Where rights secured by the Constitution are involved, there can be no rule making or legislation which would abrogate them."

It is therefore hereby the will of Affiant, Order, and Demand that The Secretary of State rescind her Emergency Rule on restricting Third Party Audits, and Implement that a full, independent forensic audit of the Colorado 2020 General Election be done immediately, by auditors of the Peoples' choosing, to be identified by an Agent chosen by the People in this matter, for the purpose of ensuring accuracy and integrity in elections, as are the right of the People who created and regulate government. The audit shall include: a full and complete forensic audit of all paper and electronic ballots cast and all paper ballot envelopes; a full and complete forensic audit of all machines and systems in any way involved in Colorado elections, including but not limited to voting machines, Statewide Voter Registration System (SCORE) and webSCORE, any other systems used as electronic pollbooks, ballot curing systems, Risk-Limiting Audit systems, and associated hardware, software, peripherals, media, devices, and networks; full, unrestrained, and timely access to all records created or in the possession of all public officials and their agents with respect to the election, including but not limited to ballot manifests, logs of ballots picked up from drop boxes, transferred between counties, and received from or delivered by the U.S. Postal Service and its vendors, including records related to cybersecurity and physical security assessments, monitoring, and defense of all election-related systems, all IV-MTR data and notices received by all public officials and authorized vendors or private parties, associated with USPS conveyance of election materials, all communications with, contracts, and data received or exchanged with the companies, corporations, vendors, and entities, including but not limited to all voting system providers, RLA software/hardware providers, and Electronic Registration Information Center (ERIC), instances of known anomalies, breaches, procedural violations, chain of custody violations, and missing records or data for all election-related systems, all manuals, guidance, directives, and records of activity, operation, testing, modification, and assessment of all election-related systems, communications devices, and networks. The People intend that the audit be carried out in the same general manner as the current forensic audit being carried out at the direction of the Arizona State Senate and will not be subject to approval, modification, or impediment by ANY elected or appointed official in the state of Colorado, but will be directed by an Audit Director selected by the People, with full

transparency to public officials and the public, including the opportunity to observe but not interfere with all associated audit activities.

The forensic audit shall make provision for Democrat, Republican, Independent and any other party's ability to the people. One of the duties of Government is to handle the business of the people, and to ignore this duty may be considered a trespass against the People. This Affidavit is a Contract, and if you shall ignore this Affidavit by not responding by the following terms, you agree to pay \$10,000 per day that you fail to immediately make provisions for an Audit. If you, as a government official, believe these claims are untrue, please respond within 5 days with Constitutional Provisions, sworn under the penalty of perjury, by Affidavit, point by point, showing where you have Constitutional Authority to ignore these rights knowingly interfering with the rights of one of the people you swore to protect, and that this Affidavit shall stand as evidence that you are acting in Maladministration and that no court shall have the power to again adjudicate these matters and that all Courts of Record shall accept this Affidavit as truth and law. You also agree to be bound by all said herein and the Affiant is able to bring this Contract before an Arbitrator of Affiant's choice and you agree to be bound by any award.
